

March 2010

Looking for some new ideas to try at home with your child?

We have introduced some **yoga** moves during our PE time to increase flexibility and range of motion.

We are also challenging the children during Fine Motor with tracing and cutting exercises.

Listed are some great links for activities to try at home!

Learning New Things

Our Music time just got better! Our schedule is different each day of the week. We recently introduced group games such as Red Rover, Limbo and London Bridges. We also added a listening game called Sound Bingo. Of course, we are still doing our old favorites twice a week!

Student of the Month

Luke Graves is our March Student of the Month. Luke is working hard on Reading and Math. He loves trains and knows all of Thomas' friends by heart. We all love having him here and look forward to watching him grow and learn!

Teacher of the Month

Ms. Aprel is our March Teacher of the Month. Ms. Aprel is one of our Classroom teachers. She works hard to push the children to their fullest potential. Thanks for all your hard work, Ms. Aprel.

Important Dates

3/12: No School - Teacher workday

4/5-4/9: No School – Spring Break

March Birthdays

3/10 – Luke

3/21 - Stefan
